Dear sir/madam, glad to meet you.

My name is Bruno Garcia. I am natural from Santos/SP Brazil. I have been working for 21 years. During this period I shared my time between two occupations: Teacher and Lawyer. I would like to share my experience, as well as offer my workforce and skills to your company. Within the next lines, I will show you why I am a suitable option. In the end, it will be my great pleasure to talk to you in person.

Teaching was always a great passion of mine, and I have been doing it since I was 22 years old. From my early 15s, I worked for law companies and offices.

I may say a few words about why I have decided to switch careers. But before I will shortly describe my experience:

- English tutor for private students and small schools in Santos and Sao Vicente;
- Online English tutor for iTutor, the biggest Chinese education company;
- English tutor for Sargoi Concept Office in Rivne, Ukraine;
- Owner and CEO of Sargoi Concept Office in Rivne, Ukraine;
- Graduation in the English language at CCBEU (Centro Cultural Brasil-Estados Unidos), in Santos - C1 Level;
- T.I.E. Certification in the English language at Dublin School of Advanced Studies in Dublin - Ireland - C1 Level;
- TEFL Certification at International Open Academy - Online;
- Cambridge TKT Certification for teaching skills (3 modules) at Cambridge Center in Kyiv, Ukraine.
- Currently studying at Digital House San Paolo/Brazil – Full-Stack Development.

Technology and programming were always a strong excitement in my life. Unlike, I had 2 different occupations and at that time I felt not capable of changing things. Undoubtedly, the passion for programming was always inside me, and now I took the step forward and started studying deeply for a simple reason: My daughter Mariia has been born, and all I want is to give my family a brilliant future!

This is the strongest reason why I am transitioning careers, and the motif I will pursue with all my strength.

As mentioned before, it will be my great pleasure to meet you for an interview.

I appreciate your attention and I am looking forward to hearing from you soon.

Best regards.

Bruno Garcia.
